BRAND

**Bosch**

Technical specifications and safety information labels are present on the boiler's front panel.

**Control Panel:** A digital display and two rotary knobs for temperature and power control.

Gas meter and associated piping system, including a gas valve and shut-off valves.

Recessed area containing red and grey pipes, likely for gas and water supply.

Window frame with visible text: **MP2**, **MP1**, **MP3**, **MP4**, **MP5**, **MP6**, **MP7**, **MP8**, **MP9**, **MP10**, **MP11**, **MP12**, **MP13**, **MP14**, **MP15**, **MP16**, **MP17**, **MP18**, **MP19**, **MP20**, **MP21**, **MP22**, **MP23**, **MP24**, **MP25**, **MP26**, **MP27**, **MP28**, **MP29**, **MP30**, **MP31**, **MP32**, **MP33**, **MP34**, **MP35**, **MP36**, **MP37**, **MP38**, **MP39**, **MP40**, **MP41**, **MP42**, **MP43**, **MP44**, **MP45**, **MP46**, **MP47**, **MP48**, **MP49**, **MP50**, **MP51**, **MP52**, **MP53**, **MP54**, **MP55**, **MP56**, **MP57**, **MP58**, **MP59**, **MP60**, **MP61**, **MP62**, **MP63**, **MP64**, **MP65**, **MP66**, **MP67**, **MP68**, **MP69**, **MP70**, **MP71**, **MP72**, **MP73**, **MP74**, **MP75**, **MP76**, **MP77**, **MP78**, **MP79**, **MP80**, **MP81**, **MP82**, **MP83**, **MP84**, **MP85**, **MP86**, **MP87**, **MP88**, **MP89**, **MP90**, **MP91**, **MP92**, **MP93**, **MP94**, **MP95**, **MP96**, **MP97**, **MP98**, **MP99**, **MP100**.

This image shows an electrical meter cabinet with 11 meters and a terminal block. The meters are arranged in three rows: three in the top row, four in the middle row, and four in the bottom row. Each meter is a NIK HIK 2102-02 M1 model, rated for 220 V, 50/60 Hz, and 5000 Imp/kWh. The terminal block at the top is a DIN rail terminal block with 12 positions, each labeled with a number and a terminal type (e.g., DNT, N1, N2, N3, N4, N5, N6, N7, N8, N9, N10, N11, N12). Red and blue wires are connected to the terminals and the meters. A grey metal cabinet door is visible on the right side of the image.
