OPTIMUS

Top row of electrical components including a terminal block with a red digital display showing '000000', several circuit breakers, and a row of terminal blocks. Wires are bundled and connected to these components.

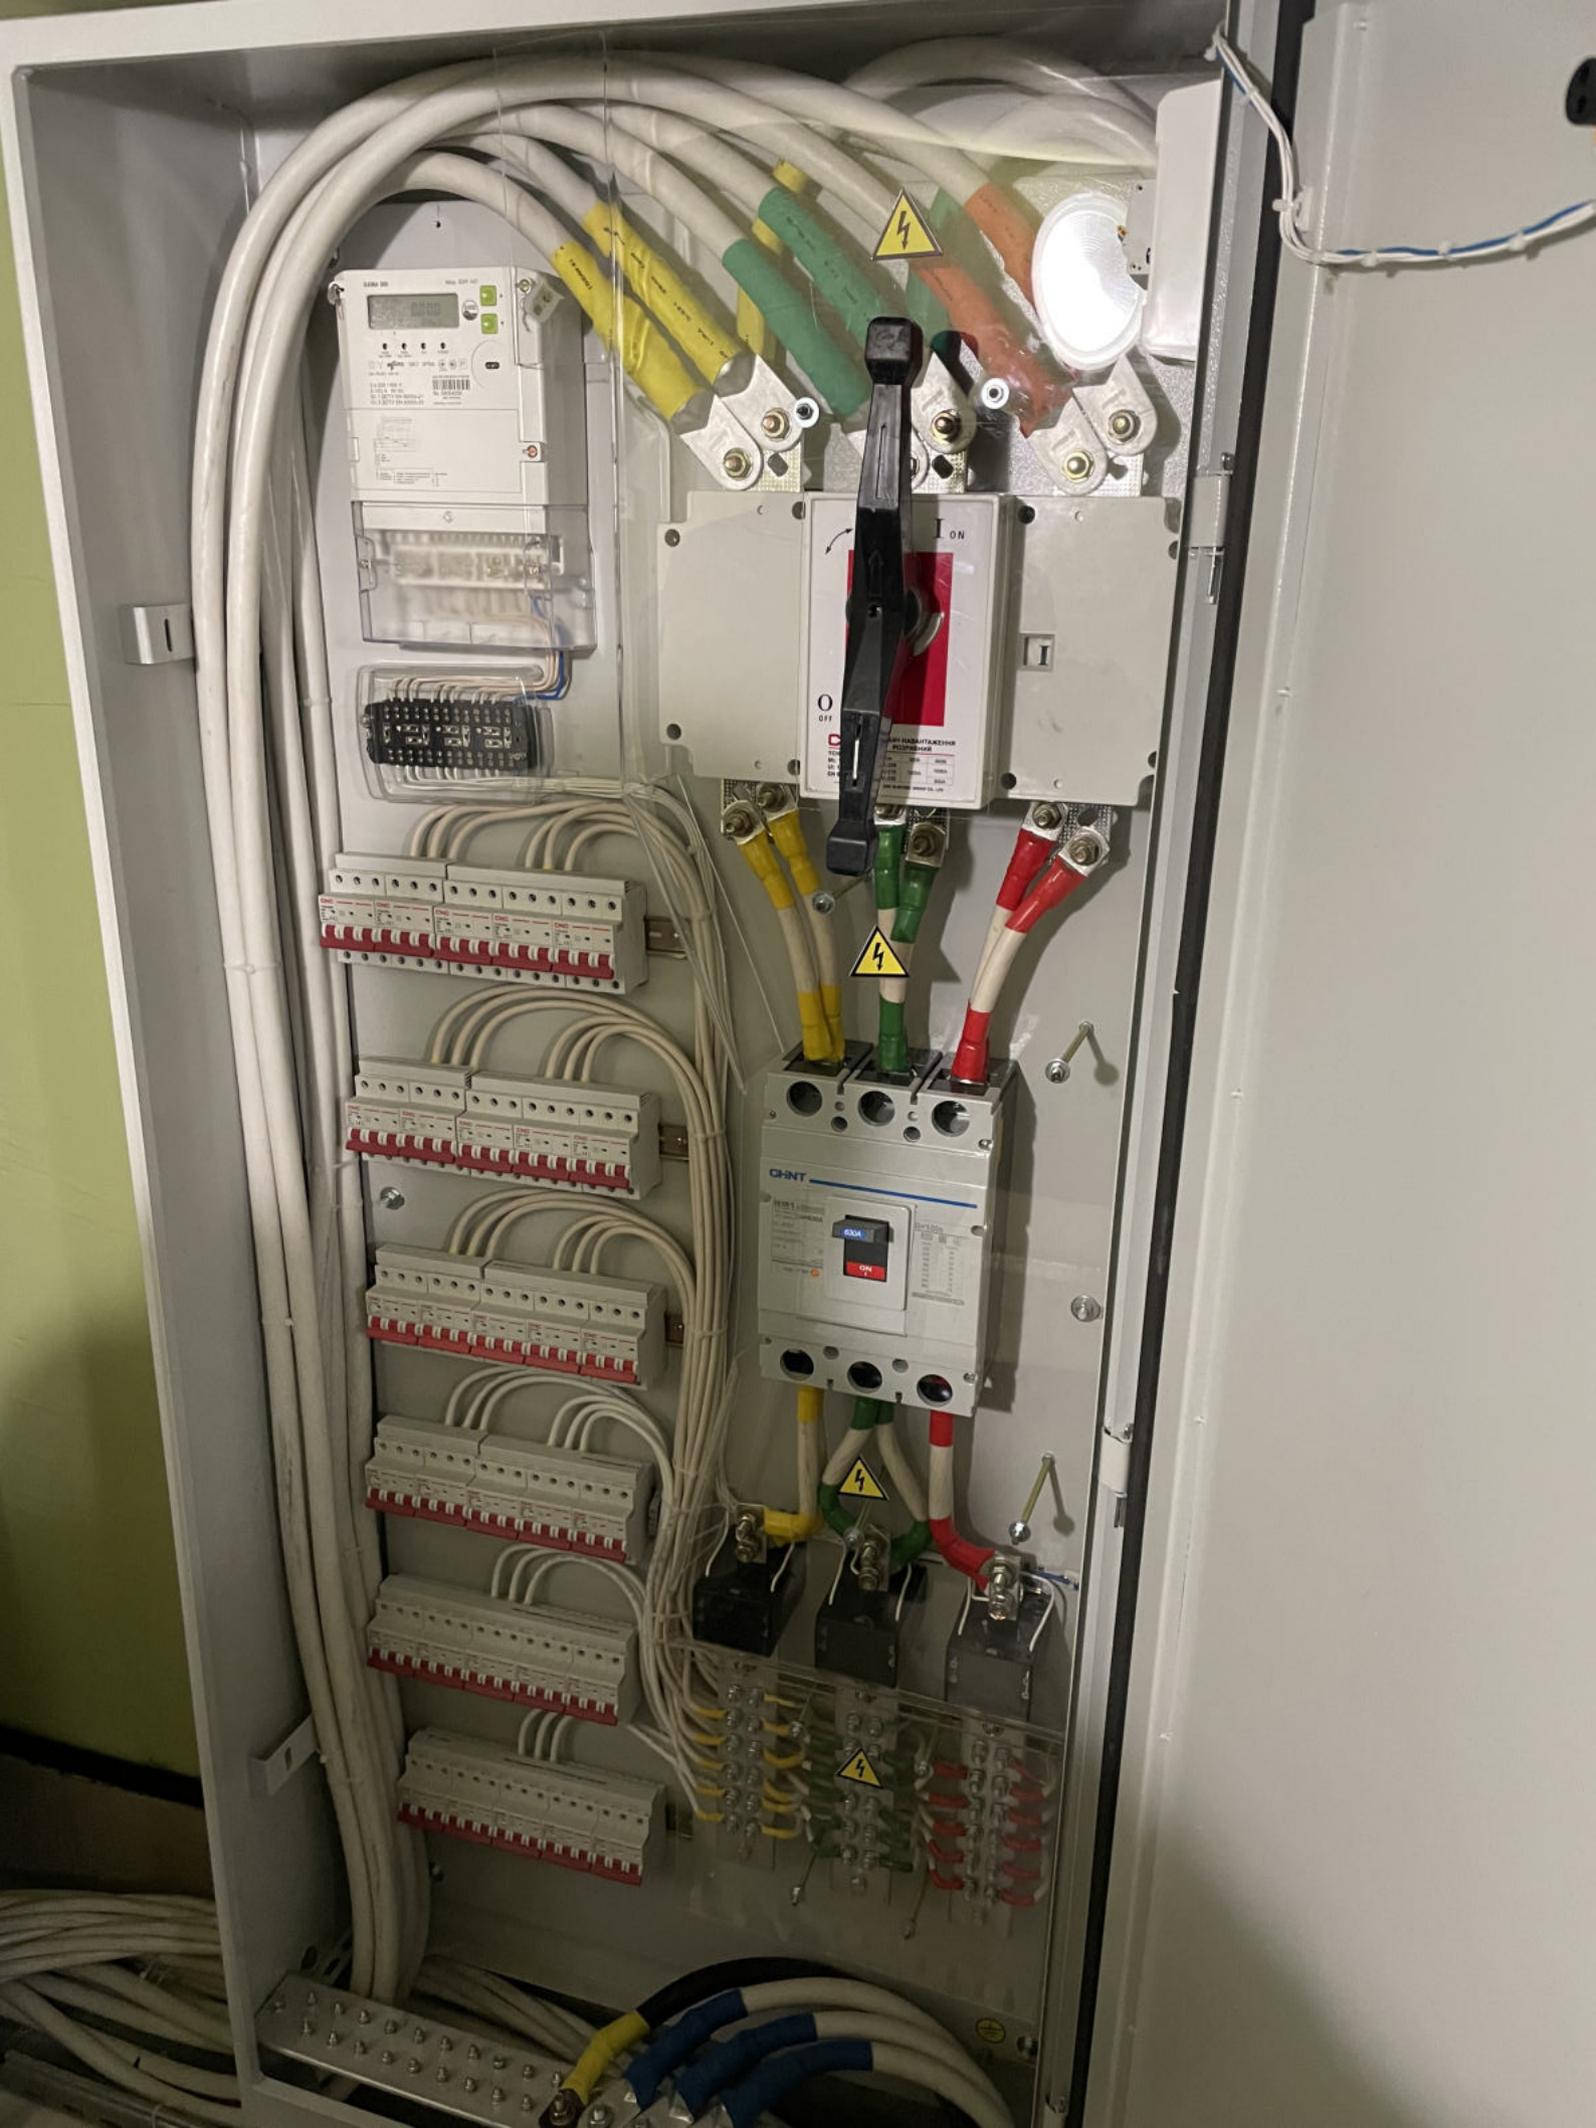

Second row of terminal blocks with handwritten labels: "Насос" (Pump), "СВ. Выход" (SV. Output), and "Л. В. Н. О. В. К. И." (L. V. N. O. V. K. I.).

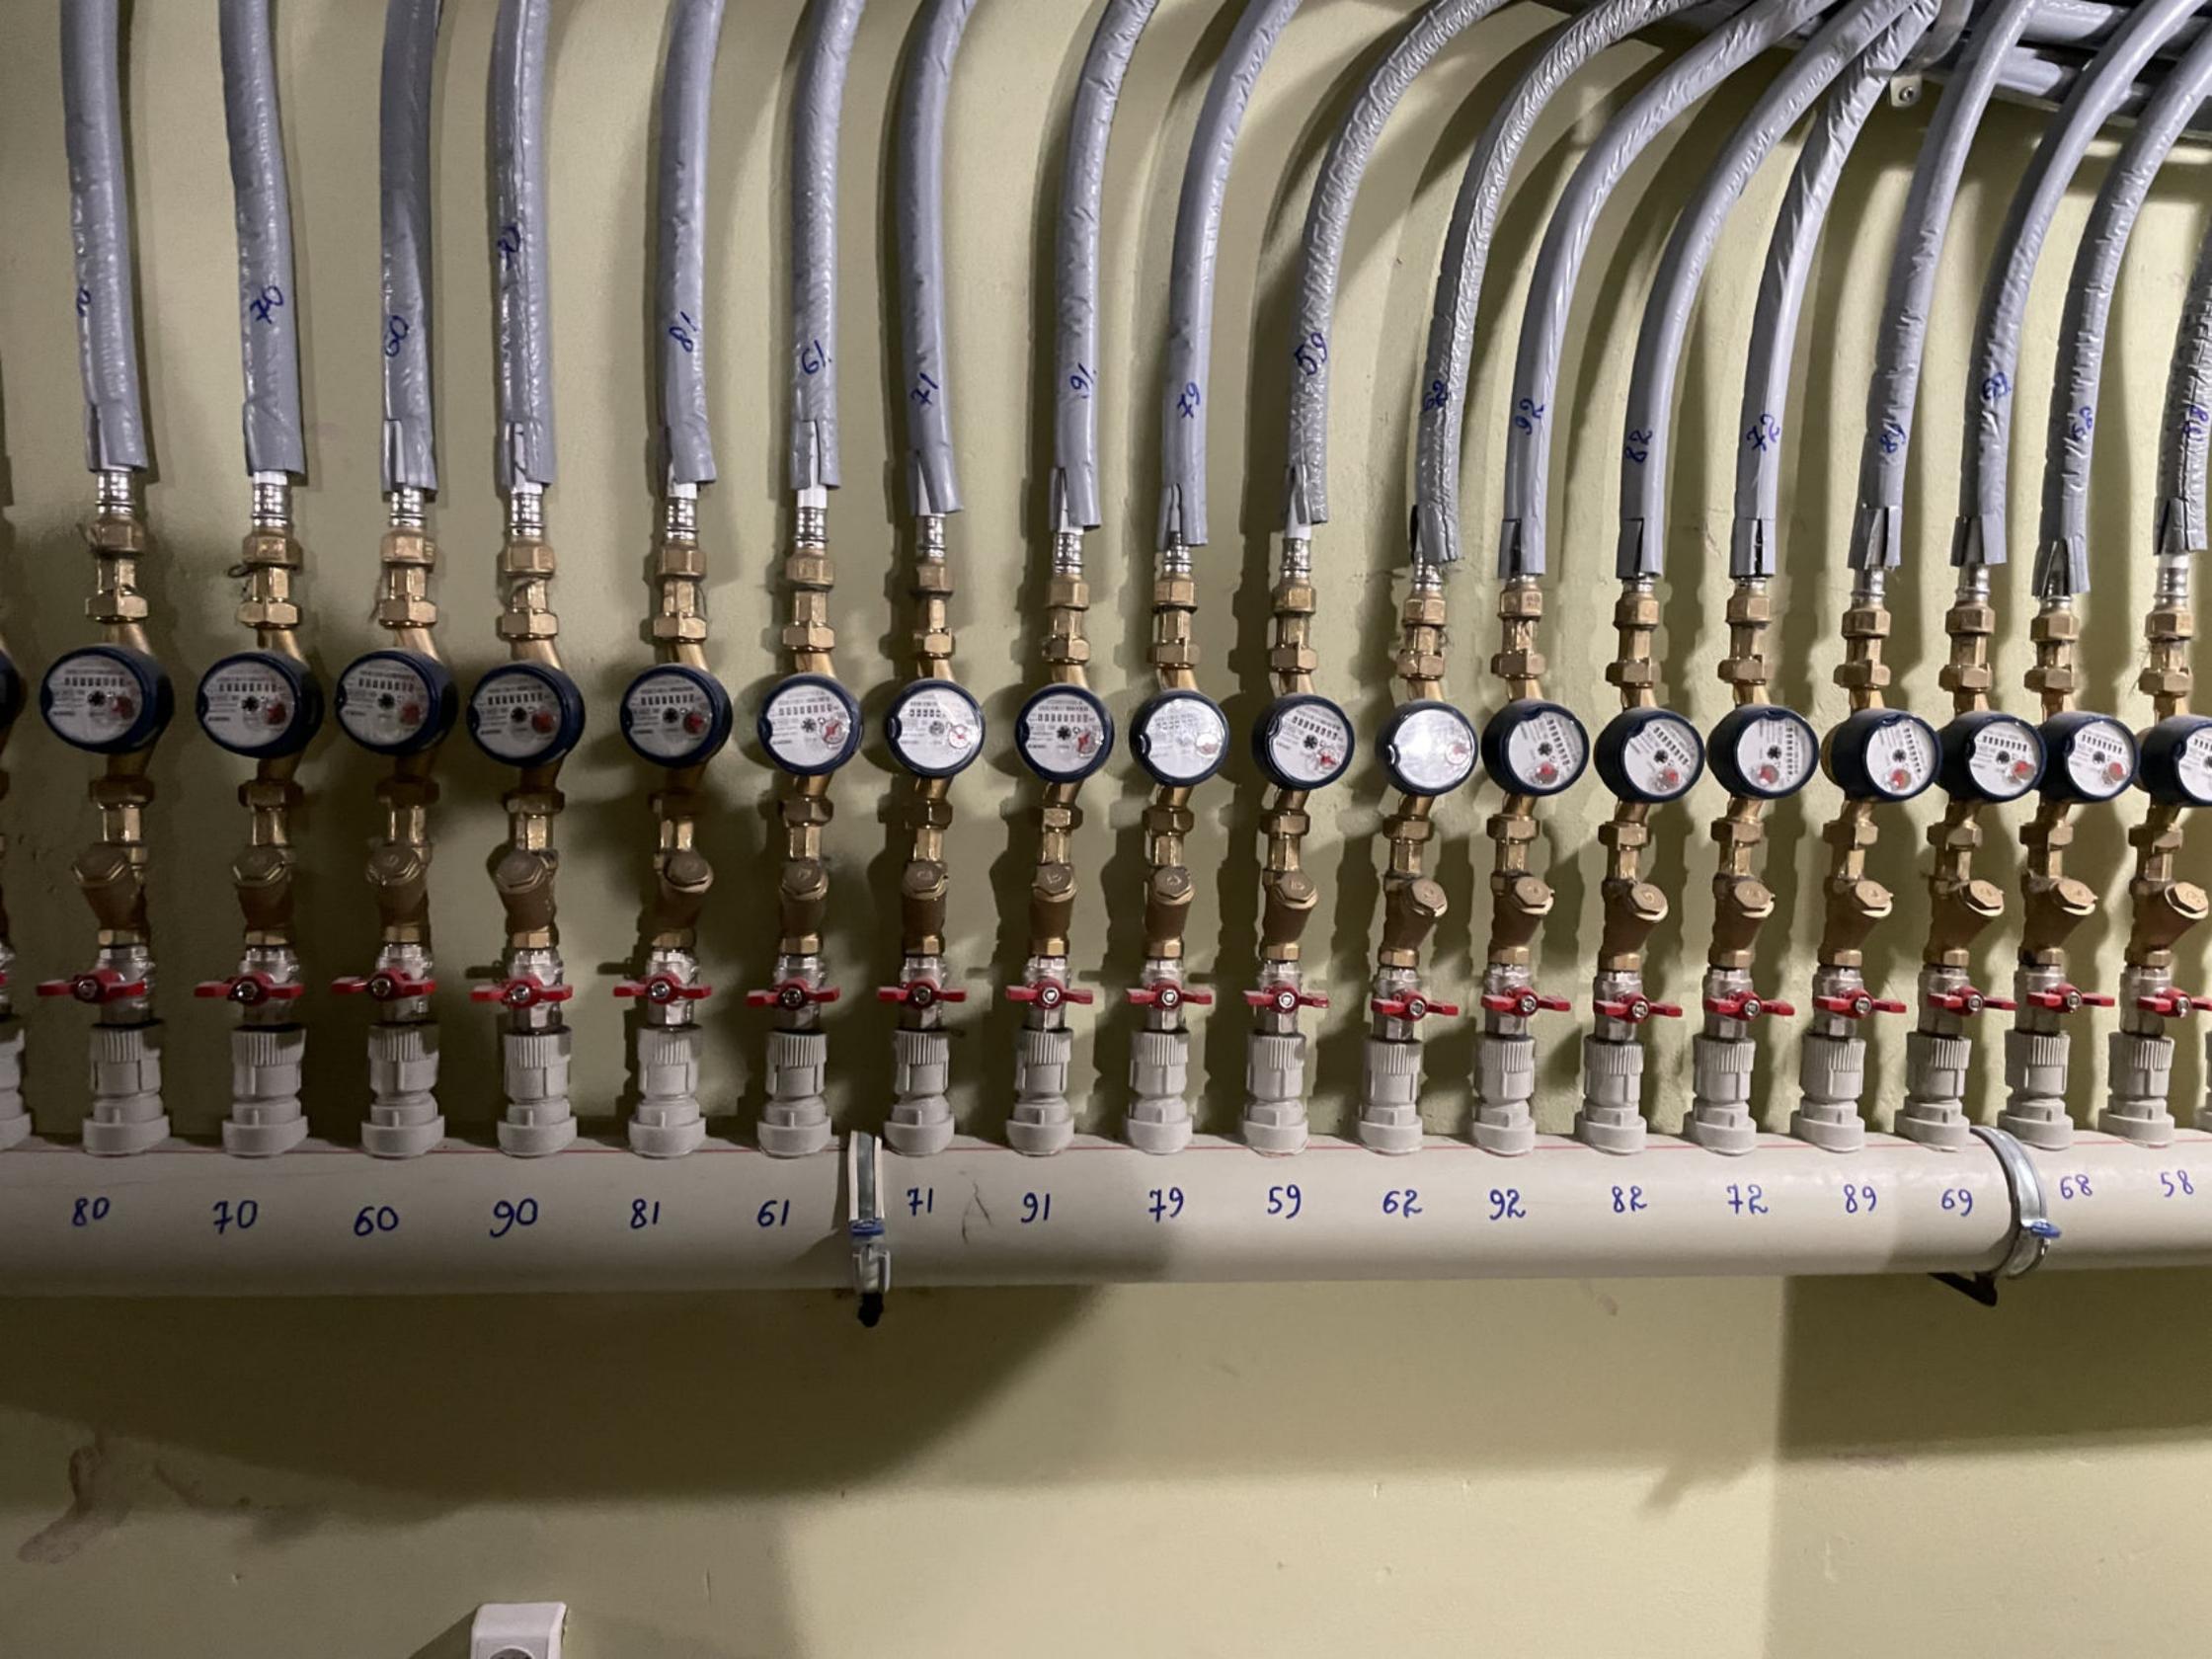

Third row of components including circuit breakers and terminal blocks with labels: "Л. В. Н. О. В. К. И." (L. V. N. O. V. K. I.), "СВ. Рабоче-Вход" (SV. Working-Input), and "СВ. Службовый-нашп. СВ." (SV. Service-wiring SV).

Fourth row of components including circuit breakers and terminal blocks with labels: "СВ. Службовый-нашп. СВ." (SV. Service-wiring SV), "Аварийне" (Emergency), and "Рабоче СВ. Монтаж" (Working SV. Installation).

Fifth row of terminal blocks and circuit breakers.

Bottom section of the cabinet containing a terminal block, a busbar, and various colored wires (blue, yellow, red) connected to the system.
