Top row of electrical components including a terminal block and four sets of yellow circuit breakers. Below the breakers is a yellow and white label strip with handwritten numbers 1 through 7.

Second row of electrical components including four sets of yellow circuit breakers. Below the breakers is a yellow and white label strip with handwritten numbers 1 through 7.

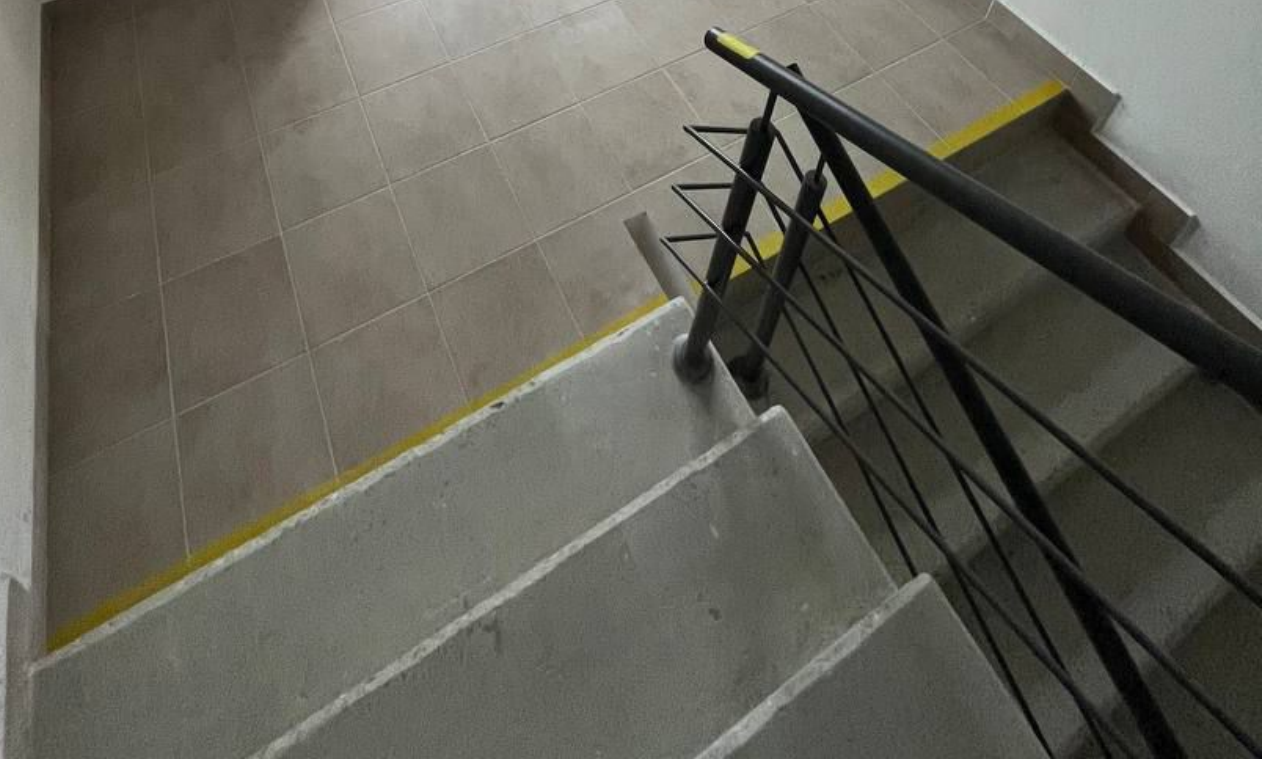

Third row of electrical components consisting of four digital meters. Each meter has a label below it: WH-1, WH-3, WH-5, and WH-7.

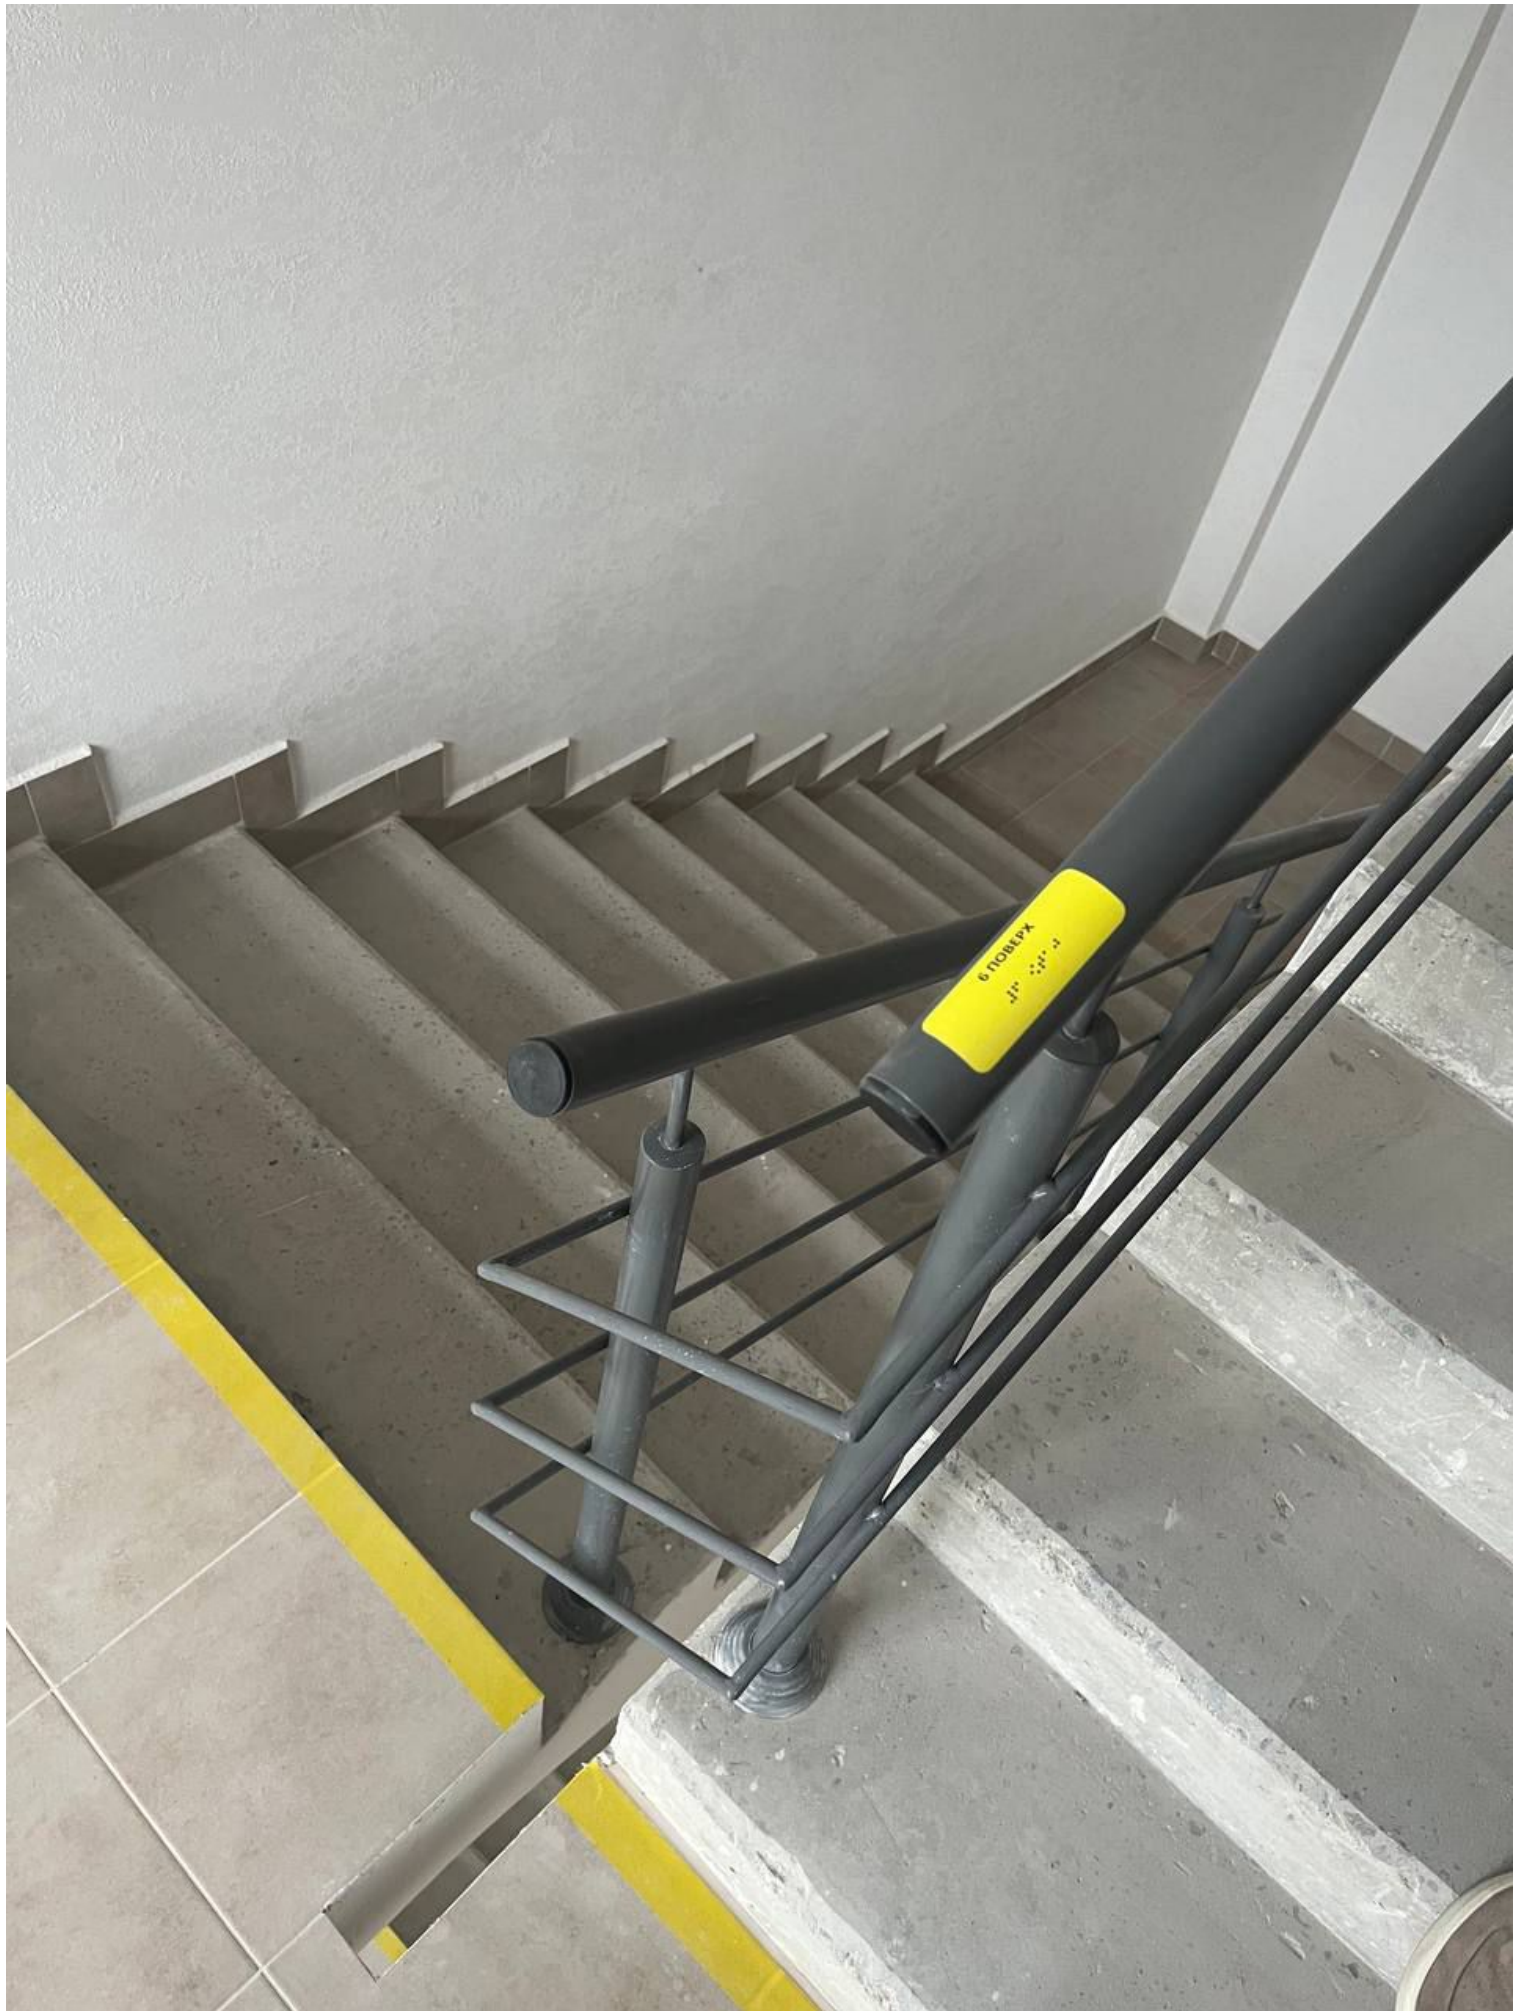

Bottom row of electrical components consisting of three digital meters. Each meter has a label below it: WH-2, WH-4, and WH-6.

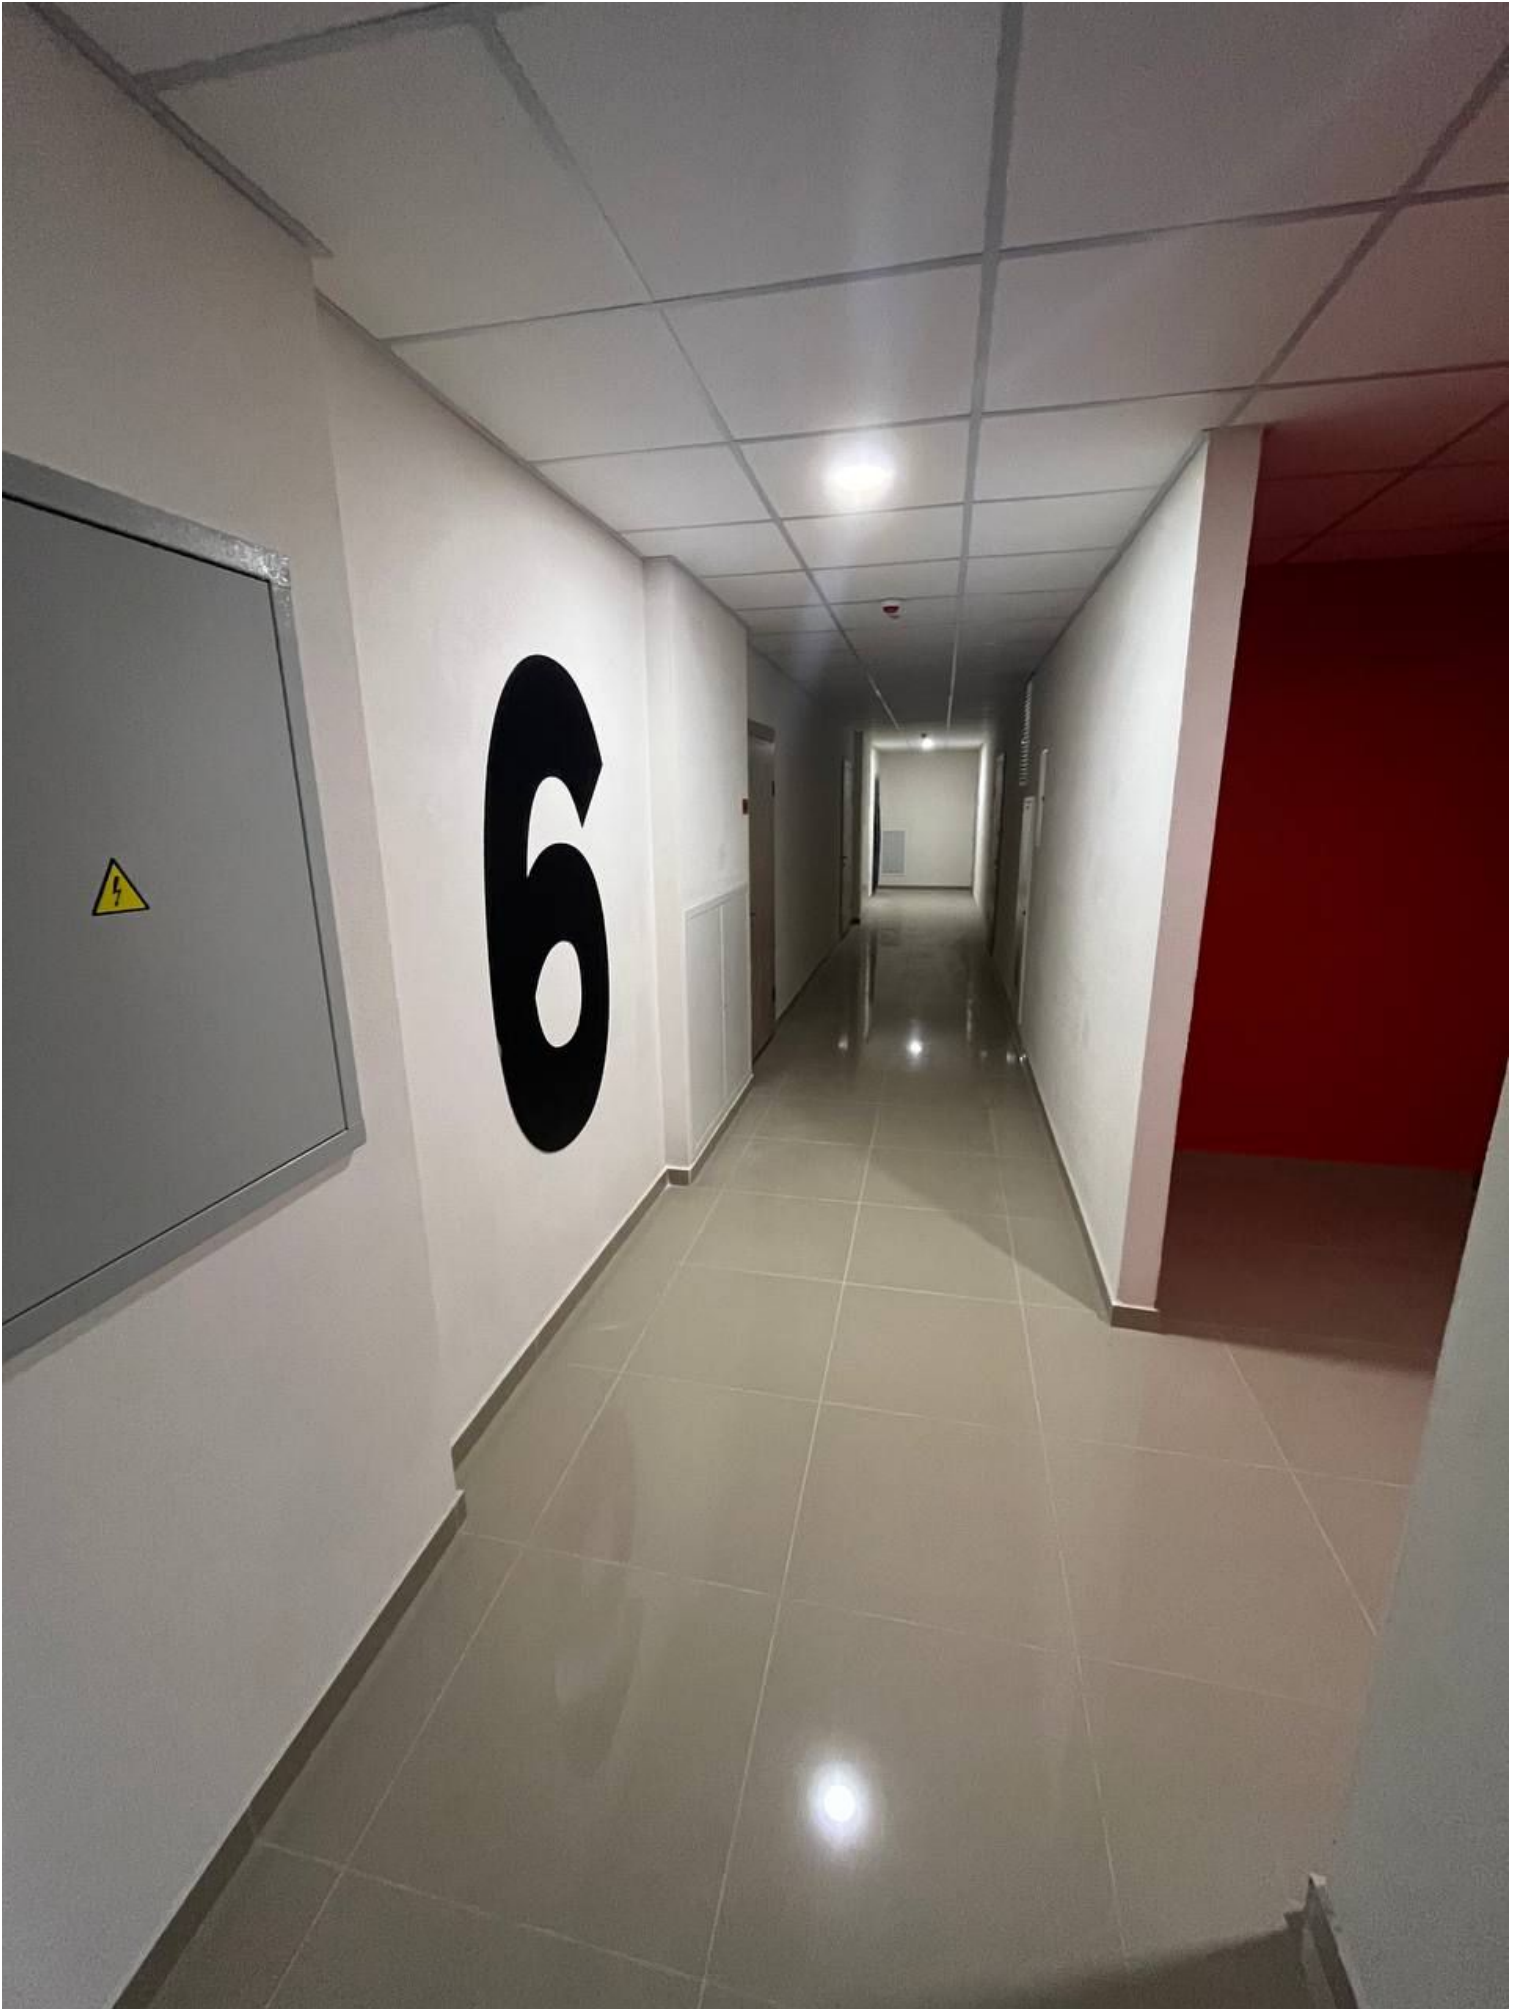

Left side of the cabinet showing a bundle of white and grey cables, several grey terminal blocks, and a grey fuse block.
