Паркит

TIRAS

The control panel features a central display area with several rows of indicator lights. On the left, there are two columns of lights labeled 'Состояние датчиков' (Sensor Status) and 'Состояние тревожных зон' (Alarm Zone Status). On the right, there are three columns of lights labeled 'Состояние объектов' (Object Status), 'Состояние тревожных зон' (Alarm Zone Status), and 'Состояние датчиков' (Sensor Status). Below the lights are several buttons and a small keypad with numbers 1-9 and 0. A yellow warning triangle is visible on the right side of the panel.

OMEGA

The OMEGA control panel has a central screen displaying 'Панель управления (TIRAS)'. Below the screen are two green LEDs labeled 'Состояние датчиков' (Sensor Status) and 'Состояние тревожных зон' (Alarm Zone Status). The OMEGA logo is on the left side.

PSU-12551 EDB

KRAFT SECURITY

The power supply unit is a rectangular box with a keyhole on the front. The text 'PSU-12551 EDB' is printed at the top, and the 'KRAFT SECURITY' logo is at the bottom.

The control panel features a glowing green display screen at the top, with several buttons and indicator lights below it.
